**Celebrating 40 years
Service to the Agricultural
Machinery Industry**

WELCOME TO MURRAY MACHINERY

Established near Aberdeen (UK) in 1979, Murray Machinery are UK agricultural machinery manufacturers who specialise in material handling attachments to fit telescopic handlers, forklifts and loaders.

At Murray Machinery we are able to offer the benefit of **40 years experience** in the design and development of all our different attachments. Feedback from our customers is extremely valuable in the evolution of our products to keep up with the ever changing methods and techniques used in the agricultural industry. It is also the case that some of our attachments have remained virtually unchanged over the years due to their success and reliability.

Building quality agricultural machinery for 40 years

Our biggest range of attachments and implements specifically designed for the farming and agricultural sector. This includes implements such as muck forks, bale handling attachments and buckets to name a few.

Our Forestry machines won't let you down

Murray Machinery offers a range of implements such as log grabs, buckets and pallet forks to assist within the forestry industry.

Our Construction machines and attachments are built to last

We provide a range of well designed, robust machines and implements to support the construction industry including gravel road graders, access platforms and a range of buckets.

Our Engineering attachments will enable your yards to run smoothly and safely

Our collection of attachments including pipe stabilizing clamps, pallet forks and access platforms allow you to perform tasks within the engineering sector safely and quickly.

Machines and attachments to manage your Waste Handling business

At Murray Machinery, we provide a selection of attachments to help manage your waste handling inclusive of bale handling attachments, waste bucket and grabs and implement lifters.

Murray attachments for the Renewables sector

At Murray Machinery, we are able to manufacture products that can be used in the ever growing renewable sector such as our ejector bucket used for biomass boilers.

Machinery designed with the Municipal sector in mind

In our extensive list of products, we have many that can be utilised for use in the municipal sector such as gravel road graders, access platforms, snow blades and snow ploughs.

Bale Handling

Wrapped Bale Clamp

Bale Stacker for 3 Round Bales

Bale Stacker for 2 Round Bales

Square Bale Stacker 2 For 2 Square Bales

Fold Up Double Bale Spike

Square Bale Stacker 3 For 3 Square Bales

Fold Up Bale Transporter

OCTA-QUAD System

Features:

Transports 12 round bales or 6 square bales

Front and rear mounted multi bale spikes

A joystick is located within the cab to allow easy access of functions

Push Off Buckrakes

7'6 Push Off Buckrake

9' Pushoff Buckrake - Tractor Type

9' Contractor Model Grass Fork

9' Pushoff Buckrake - Tractor Type

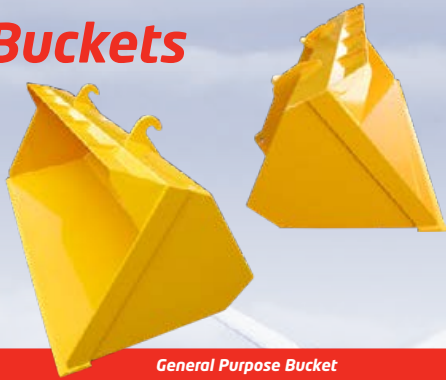

10' Contractor Model Push off Buckrake

Buckets

General Purpose Bucket

Forklift Hydraulic Tipping Bucket

2 Ton Push Off Bucket

6 Cubic Metre Hi-Tip Bucket

4-in-1 Bucket

Side Tipping Bucket

Fork Lift Drive In Bucket

Ejector Bucket for filling Biomass Boiler

Forks & Grabs

Pallet Fork

Log Grab

4'6 Muck Fork and Top Grab

7'6 Muck Fork and Top Grab

with Weight Frame

Muck Fork Top Grab

Muck Fork and Top Grab for Kubota

with Road Safe Bar

with Top Grab

Shear Grab

6'6 Stone Fork

Quick Hitches

JCB 3CX Hydraulic Quick Hitch

CAT 434E Quick Hitch

JCB 3CX

New Holland LB110 Quick Hitch

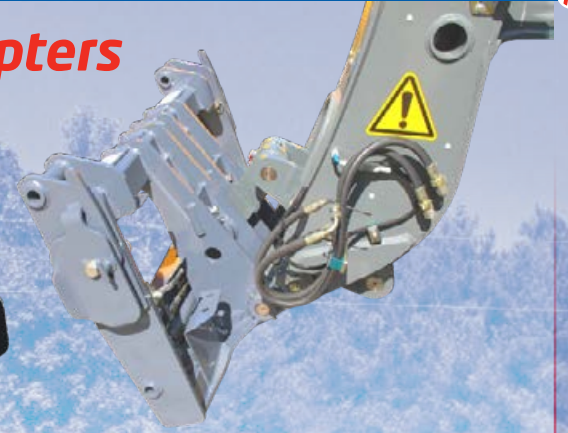

Terex 860 Quick Hitch

Quick Hitch Adapters

Quicke 65 - JCB Q-Fit

Claas Scorpion - JCB Q-Fit

Claas Scorpion 7035 - Pin & Cone

Merlo Manitou

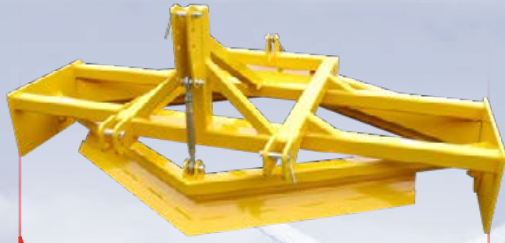

Claas Scorpion - Manitou

Gravel Road Graders

3m Grader with Hardox

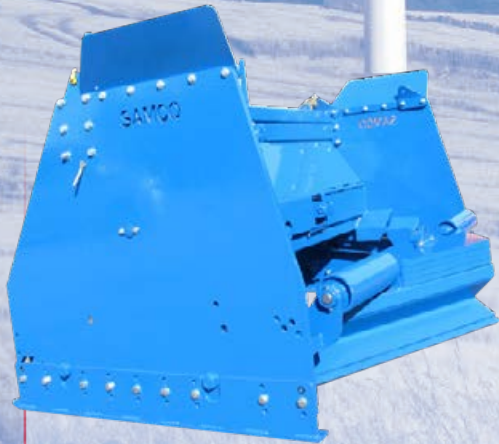

Gravel Road Grader with Tilting Frame and Hardox Edges

3m Wide Gravel Road Grader with Ripper Teeth

5m Wide Gravel Road Grader with Ripper Teeth

Grader and Gravel Layer

Snow Blades/Ploughs

550mm High Snowblade

Vee Snow Plough

1200mm High Snow Blade

Access Platform

Implement Mover - with Removable Drawbar

Potato Box Tippler

Big Bag Lifter

Implement Mover - 3 point
